Contents

No. 1 JANUARY 1970 — Page

Alterations in human intestinal microflora during experimental diarrhoea S. L. GORBACH, G. NEALE, R. LEVITAN, AND G. W. HEPNER ... 1
Response of the jejunal mucosa in adult coeliac disease to oral prednisolone ALFRED J. WALL, ADRIAN P. DOUGLAS, C. C. BOOTH, AND A. G. E. PEARSE ... 7
Peptide hydrolase activity of human intestinal mucosa in adult coeliac disease ADRIAN P. DOUGLAS AND T. J. PETERS ... 15
Cutaneous ulceration in Crohn's disease J. C. MOUNTAIN ... 18
Absorption and secretion of water and electrolytes by the intact human colon in diffuse untreated proctocolitis J. HARRIS AND R. SHIELDS ... 27
Measurement of gastrointestinal transmural electric potential difference in man MICHAEL G. GEALL, CHARLES F. CODE, DONALD C. MCILRATH, AND W. H. J. SUMMERSKILL ... 34
A case of ulcerative colitis and pyostomatitis vegetans in an African J. M. NAISH, B. D. BATCHVAROV, AND V. L. LAWOYIN ... 38
Physical factors in the stimulation of colonic peristalsis C. V. MANN ... 41
Response of the human oesophagus to d-tubocurarine and atropine P. A. KANTROWITZ, C. I. SIEGEL, M. J. STRONG, AND T. R. HENDRIX ... 47
Oesophageal hiatus hernia in three generations of one family I. J. CARRÉ AND P. FROGGATT ... 51
Role of occult blood loss in anaemia after partial gastrectomy I. MCLEAN BAIRD, D. J. B. ST. JOHN, AND SHAFIKA S. NASSER ... 55
Relationship between pancreatic secretion and pancreatic blood flow BERNARD GOODHEAD, HARRY S. HIMAL, AND JOSEPH ZANBILOWICZ ... 62
Effect of pressure on the integrity of the duct-acinar system of the pancreas R. C. PIROLA AND A. E. DAVIS 69
Thoracic duct changes in schistosomal hepatic fibrosis A. N. SADEK, A. ABOUL-ENEIN, E. HASSENEIN, AND A. ISMAIL ... 74

Progress report

Caerulein V. ERSPAMER ... 79

Technique

New techniques for speeding small intestinal biopsy N. EVANS, L. J. FARROW, A. HARDING, AND J. S. STEWART ... 88
Comment ... 89
Notes and activities ... 90
Notes on books ... 90

No. 2 FEBRUARY 1970

Propulsion (mass movements) in the human colon and its relationship to meals and somatic activity D. J. HOLDSTOCK, J. J. MISIEWICZ, T. SMITH, AND E. N. ROWLANDS ... 91
Factors controlling colonic motility: Colonic pressures and transit after meals in patients with total gastrectomy, pernicious anaemia, or duodenal ulcer D. J. HOLDSTOCK AND J. J. MISIEWICZ ... 100
A study of abnormal muscular patterns in diverticular disease of the colon using the polysiloxane foam enema L. E. HUGHES ... 111
The neurological junction between the appendix and ascending colon JOHN L. EMERY AND JANET UNDERWOOD ... 118
Rectal and colonic studies after resection of the sigmoid for diverticular disease T. G. PARKS ... 121
Bile salt secretion in cirrhosis of the liver LESLIE A. TURNBERG AND GORDON GRAHAME ... 126
Effects of rose bengal on bile secretion in the rabbit: inhibition of a bile salt-independent fraction D. DHUMEAUX, S. ERLINGER, J.-P. BENHAMOU, AND R. FAUVERT ... 134
Cholelithiasis in Singapore: Part I A necropsy study W. S. HWANG ... 141
Part II A clinical study H. K. CHIAM, P. N. UNNI, AND W. S. HWANG ... 148
Maximal acid response of Pavlov pouches to food and histamine A. MARVIN BROOKS AND MORTON I. GROSSMAN ... 153
Effect of secretin and jejunal acidification on gastric and pancreatic secretion in man S. J. KONTUREK 158
The production of calcium and magnesium during pancreatic function tests in health and disease J. NIMMO, N. D. C. FINLAYSON, A. F. SMITH, AND D. J. C. SHEARMAN ... 163
A double-blind trial of carbenoxolone sodium capsules in the treatment of duodenal ulcer J. M. CLIFF AND G. J. MILTON-THOMPSON ... 167
Clinical study of Duogastrone in the treatment of duodenal ulcers B. O. AMURE ... 171
Gastroscopy and gastric photography with the Olympus GTF-A R. COCKEL AND C. F. HAWKINS ... 176

Technique

Technique for suction biopsy of the rectal mucosa A. P. DICK, J. E. LENNARD-JONES, J. HYWEL JONES, AND B. C. MORSON ... 182

Progress reports

Hepatitis-associated (Australia) antigen SHEILA SHERLOCK ... 185
The carcinoid syndrome D. G. GRAHAME-SMITH ... 189
Notes and activities ... 193
Notes on books ... 193

No. 3 MARCH 1970

Page

1960-1970: Three Editors THOMAS HUNT ... 195
Two cases of 'pancreatic cholera' with features of peptide-secreting adenomatosis of the pancreas W. SIRCUS, P. W. BRUNT, R. J. WALKER, W. P. SMALL, C. W. A. FALCONER, AND CHRISTINE G. THOMSON ... 197
Bio-assay evidence of abnormal secretin-like and gastrin-like activity in tumour and blood in cases of 'choleraic diarrhoea' I. G. M. CLEATOR, CHRISTINE G. THOMSON, W. SIRCUS, AND MIRANDA COOMBES ... 206
Malabsorption and subtotal villous atrophy secondary to pulmonary and intestinal tuberculosis W. P. FUNG, K. K. TAN, S. F. YU, AND K. M. KHO ... 212
Cell loss from small intestinal mucosa: a morphological study I. J. PINK, D. N. CROFT, AND B. CREAMER ... 217
IgM turnover in Crohn's disease K. BIRGER JENSEN, NIELS GOLTERMANN, STIG JARNUM, BENT WEEKE, AND HENRIK WESTERGAARD ... 223
The diagnostic value of mucosubstances in rectal biopsies from patients with ulcerative colitis and Crohn's disease M. I. FILIPE AND IAN DAWSON ... 229
The results of ileorectal anastomosis at St Mark's Hospital from 1953-1968 W. N. W. BAKER ... 235
Sodium dependency of L-alanine absorption in canine Thiry-Vella loops BERTRAM FLESHLER AND RALPH A. NELSON ... 240
Portal hypertension caused by partial nodular transformation of the liver M. CLASSEN, K. ELSTER, H. J. PESCH, AND L. DEMLING ... 245
Intestinal absorption of carnosine and its constituent amino acids in man A. M. ASATOOR, J. K. BANDOH, A. F. LANT, M. D. MILNE, AND F. NAVAB ... 250
A study of total serum alkaline phosphatase activity in man following partial gastrectomy J. AMBLER, A. G. GREEN, AND C. N. PULVERTAFT ... 255
Psychiatric disorders after surgery for duodenal ulcer M. C. MASON AND C. G. CLARK ... 258
Experiences with data processing to separate the images in pancreatic scanning D. CHARLESWORTH, H. J. TESTA, B. R. PULLAN, AND H. BRUCE TORRANCE ... 261
Modification of polyethylene glycol estimation suitable for use with small mammals J. M. BOULTER AND H. B. MCMICHAEL ... 268

Progress reports

Disorders of the myenteric plexus BARBARA SMITH ... 271
Liver biopsy in the diagnosis of cirrhosis P. J. SCHEUER ... 275
Notes and activities ... 279

No. 4 APRIL 1970

Small-intestinal mucosal abnormalities in various skin diseases—fact or fancy? JANET MARKS AND SAM SHUSTER ... 281
Dermatogenic enteropathy JANET MARKS AND SAM SHUSTER ... 292
Effect of graded doses of pentagastrin in patients with and without gastritis A. BERSTAD AND J. MYREN ... 299
The cricopharyngeal sphincter in gastric reflux P. S. HUNT, A. M. CONNELL, AND T. B. SMILEY ... 303
Diagnostic procedure in bleeding of obscure origin from the alimentary canal FRANZ BÁRÁNY AND LARS H:SON NILSSON ... 307
Urinary crystalloid excretion in patients with inflammatory bowel disease RICHARD I. BREUER, EUGENE A. GELZAYD, AND JOSEPH K. KIRSNER ... 314
Observations on an unusual enzyme distribution pattern in the colon of a case of familial polyposis with malignant changes V. MAGGI AND A. P. WYATT ... 319
Familial polyposis coli associated with extracolonic abnormalities T. G. PARKS, H. J. R. BUSSEY, AND H. E. LOCKHART-MUMMERY ... 323
Measurement of electrical potentials of the human rectum and pelvic colon in normal and aldosterone-treated patients C. J. EDMONDS AND R. C. GODFREY ... 330
Incidence and clinical significance of lactose malabsorption in ulcerative colitis and Crohn's disease E. GUDMAND-HØYER AND STIG JARNUM ... 338
Inhibition of peptic activity by carbenoxolone and glycyrrhetinic acid F. D. HENMAN ... 344
Gastric anthrax with massive ascites W. DUTZ, F. SAIDI, AND E. KOHOUT ... 352
Variation in the *p*H of faeces in disease N. MADANAGOPALAN, S. ARUMUGAN NADAR, AND R. SUBRAMANIAM ... 355
Radiological anatomy after pyloroplasty D. K. M. TOYE, J. F. K. HUTTON, AND J. ALEXANDER WILLIAMS ... 358

Progress report

On antibodies to gastrin: concerning their production, behavioural characteristics, and uses JAMES E. MCGUIGAN ... 363
The British Society of Gastroenterology ... 368
Notes and activities ... 372

No. 5 MAY 1970

Studies on intestinal absorption of amino acids and a dipeptide in a case of Hartnup disease F. NAVAB AND A. M. ASATOOR ... 373
Intestinal absorption of two dipeptides in Hartnup disease A. M. ASATOOR, B. CHENG, K. D. G. EDWARDS, A. F. LANT, D. M. MATTHEWS, M. D. MILNE, F. NAVAB, AND A. J. RICHARDS ... 380
The neurological lesion in achalasia of the cardia BARBARA SMITH ... 388
The effects on human gastric secretion of prolonged continuous intravenous infusions of maximal and supramaximal doses of histamine acid phosphate and pentagastrin D. A. AUBREY ... 392

Page

Effects of histamine acid phosphate and pentagastrin on gastric secretion in normal human subjects D. A. AUBREY AND A. P. M. FORREST 395
Recurrent ulcer after vagotomy and pyloroplasty: the *x*-ray appearances and their value in diagnosis J. ALEXANDER WILLIAMS AND D. K. M. TOYE 405
Experiences with a rat bio-assay in the diagnosis of the Zollinger-Ellison syndrome CHRISTINE G. THOMSON, I. G. M. CLEATOR, AND W. SIRCUS 409
Abnormal metabolism of secondary bile acids in patients with cirrhosis Z. R. VLAHCEVIC, I. BUHAC, C. C. BELL, JR, AND LEON SWELL 420
Liver in haemoglobin H disease CHEW BENG KENG AND TAN KHENG KHOO 423
Cholelithiasis: A clinical and dietary survey MARY WHEELER, LOIS LOFTUS HILLS, AND BETTY LABY 430
Failure of the human rectum to absorb electrolytes and water GHISLAIN J. DEVROEDE AND SIDNEY F. PHILLIPS 438
Ultrasound in the diagnosis of malignant pancreatic tumours G. ENGELHART AND U. W. BLAUENSTEIN 443
Progress report
The chemical composition and function of gastrointestinal mucus J. SCHRAGER 450
Notes and activities 457

No. 6 JUNE 1970

A psychiatric study of patients with diseases of the small intestine DAVID GOLDBERG 459
Permeability of the small intestine to substances of different molecular weight C. A. LOEHRY, A. T. R. AXON, P. J. HILTON, R. C. HIDER, AND B. CREAMER 466
Scanning and transmission electron microscopic studies of human intestinal mucosa PETER G. TONER, KATHARINE E. CARR, ANNE FERGUSON, AND COLIN MACKAY 471
The effect of diet on ileostomy function T. J. THOMSON, J. RUNCIE, AND A. KHAN 482
Morphological changes of the small-intestinal mucosa of guinea pig and hamster following incubation *in vitro* and perfusion *in vivo* with unconjugated bile salts THOMAS S. LOW-BEER, ROBERTO E. SCHNEIDER, AND WILLIAM O. DOBBINS 486
Small intestinal mucosal abnormalities in relatives of patients with dermatitis herpetiformis JANET MARKS, DAVID BIRKETT, SAM SHUSTER, AND D. F. ROBERTS 493
The influence of age on the xylose absorption test MARTIN J. KENDALL 498
Supersensitivity and gastric emptying after vagotomy J. TINKER, N. KOCAK, T. JONES, H. I. GLASS, AND ALAN G. COX 502
Inflammatory bowel disease in ankylosing spondylitis M. I. V. JAYSON, P. R. SALMON, AND W. J. HARRISON 506
Ligation of the hepatic artery in the treatment of heart failure due to hepatic haemangiomatosis M. O. RAKE, M. M. LIBERMAN, J. L. DAWSON, RACHEL EVANS, E. B. RAFTERY, J. LAWS, AND ROGER WILLIAMS 512
A clinical and histochemical study of cholestasis V. J. DESMET, A.-M. BULLENS, AND J. DE GROOTE 516
Plasma insulin in pancreatic disease M. F. ANDERSON, S. H. H. DAVISON, A. P. DICK, C. N. HALES, AND J. OWENS 524
Technique
A modified cannula for sampling pancreatic juice in the dog A. N. FAWCETT 532
Progress reports
Glucocorticoids and the gastrointestinal tract: current status PAUL CUSHMAN, JR 534
Vagotomy for gastric ulcer H. L. DUTHIE 540
Notes and activities 546

No. 7 JULY 1970

Neurological disorders and adult coeliac disease JOHN S. MORRIS, A. B. AJDUKIEWICZ, AND A. E. READ 549
The absorption of carbenoxolone administered orally as a positioned-release capsule W. E. LINDUP, D. V. PARKE, AND D. COLIN-JONES 555
A controlled trial of glycopyrronium and l-hyoscyamine in the long-term treatment of duodenal ulcer MICHAEL D. KAYE, J. RHODES, PETER BECK, PETER M. SWEETNAM, G. T. DAVIES, AND K. T. EVANS 559
The effect on jejunal mucosa of withdrawing and adding dietary gluten in cases of idiopathic steatorrhoea D. J. POLLOCK, R. E. NAGLE, K. N. JEEJEEBHOY, AND N. F. COGHILL 567
Spread of lesions in Crohn's disease of the colon F. BRAHME AND A. WENCKERT 576
Epsilon-aminocaproic acid therapy in ulcerative colitis R. H. SALTER AND A. E. READ 585
Fibrinolysis in colonic disease C. H. J. SWAN, J. ALEXANDER WILLIAMS, AND W. T. COOKE 588
Giant duodenal ulcer K. LUMSDEN, J. C. MACLARNON, AND J. DAWSON 592
Studies on the origin of faecal amino acids in cystic fibrosis J. W. T. SEAKINS, R. S. ERSSER, AND I. S. E. GIBBONS 600
Prolonged survival after portal decompression of patients with non-cirrhotic intrahepatic portal hypertension R. ZEEGEN, A. G. STANSFELD, A. M. DAWSON, AND A. H. HUNT 610
Calcium palmitate and α-palmitic acid in gallstones D. JUNE SUTOR 618
Progress reports
Radiology of the portal system LOUIS KREEL 620
Epidemiological evidence for the association of aspirin and acute gastrointestinal bleeding M. J. S. LANGMAN 627

Page

No. 8 AUGUST 1970

Immunoglobulins and dietary protein antibodies in childhood coeliac disease K. G. KENRICK AND J. A. WALKER-SMITH 635
Sex hormones and acid gastric secretion induced with carbachol, histamine, and gastrin B. O. AMURE AND A. A. OMOLE 641
Immunofluorescence studies of the distribution of gastrin cells in different clinical states A. G. E. PEARSE AND G. BUSSOLATI 646
The endocrine polypeptide cells of the human stomach, duodenum, and jejunum A. G. E. PEARSE, I. COULLING, B. WEAVERS, AND S. FRIESEN 649
Investigation of gastroesophageal reflux in various positions with a two-lumen *p*H electrode F. G. PATTRICK 659
The transport of colonic contents in the irritable colon syndrome J. A. RITCHIE 668
Primary lymphoma of the upper small intestine KHOSROW NASR, PARVIZ HAGHIGHI, KIUMARS BAKHSHANDEH, AND MANSOUR HAGHSHENAS 673
The association between aneurysms of the abdominal aorta and peptic ulceration ALED W. JONES, R. S. KIRK, AND K. BLOOR 679
Recurrent perforation of the ileum J. D. CORMACK, M. A. MELSOM, AND J. G. WINWICK 685
Faecal stasis and diverticular disease in ulcerative colitis K. N. JALAN, R. J. WALKER, R. J. PRESCOTT, S. T. G. BUTTERWORTH, A. N. SMITH, AND W. SIRCUS 688
Failure of Trasylol to reduce intestinal content of trypsin and chymotrypsin in man D. M. GOLDBERG, R. CAMPBELL, AND A. D. ROY 697
The relationship between flow and electrolyte secretion in the canine pancreas A. N. FAWCETT 700
A study *in vivo* of adrenergic receptors in the rectum and in the internal anal sphincter of the cat R. KERREMANS AND F. PENNINCKX 709

Progress reports

Gastric ulcer and regurgitation gastritis JOHN P. DELANEY, JOHN W. B. CHENG, BROOKS A. BUTLER, AND WALLACE P. RITCHIE JR 715
Intestinal peptidases T. J. PETERS 720
Notes and activities 726

No. 9 SEPTEMBER 1970

Intestinal mucosal uptake of iron and iron retention in idiopathic haemochromatosis as evidence for a mucosal abnormality L. W. POWELL, C. B. CAMPBELL, AND ELIZABETH WILSON 727
The formation of iron complexes with bile and bile constituents A. JACOBS AND P. M. MILES 732
Pyloric regurgitation and gastric ulcer F. J. FLINT AND P. GRECH 735
Oesophageal reflux and gastric secretion A. S. WARD 738
A case of small-intestinal mucosal atrophy R. E. BARRY, JOHN S. MORRIS, AND A. E. A. READ 743
Arthropathy, ankylosing spondylitis, and clubbing of fingers in ulcerative colitis K. N. JALAN, R. J. PRESCOTT, R. J. WALKER, W. SIRCUS, J. P. A. MCMANUS, AND W. I. CARD 748
Portal hypertension and bleeding ileal varices after colectomy and ileostomy for chronic ulcerative colitis A. D. CAMERON AND D. J. FONE 755
Ulcerative colitis in the South African Bantu J. D. SOBEL AND L. SCHAMROTH 760
Intestinal pseudo-obstruction in systemic amyloidosis DAVID A. LEGGE, ERIC E. WOLLAEGER, AND HARLEY C. CARLSON 764
Effect of glycine and glucose on sodium and water absorption in patients with cholera D. R. NALIN, R. A. CASH, M. RAHMAN, AND MD. YUNUS 768
Personality pattern and emotional stress in the genesis of gastric ulcer M. H. ALP, J. H. COURT, AND A. KERR GRANT 773
Radiological diagnosis of recurrent colonic carcinoma at the anastomosis CLIVE BARTRAM AND JOHN E. HALE 778
Ultrastructural study of two cases of α-chain disease JACQUES SCOTTO, HÉLÈNE STRALIN, AND JACQUES CAROLI with the technical assistance of MONIQUE GEGOU 782
Vagotomy and gallbladder function STIG FAGERBERG, SVEN GREVSTEN, HENRY JOHANSSON, AND URBAN KRAUSE 789

Technique

A technique for assessing pyloric reflux PAUL GRECH 794

Progress reports

ABO blood groups and gastrointestinal function M. J. S. LANGMAN 796
The vagus, the bile, and gallstones I. A. D. BOUCHIER 799
Notes and activities 804

No. 10 OCTOBER 1970

An interplay of genetic and environmental factors in familial hepatitis and myasthenia gravis SENGA WHITTINGHAM, IAN R. MACKAY, AND Z. S. KISS 811
A case of the Dubin-Johnson syndrome complicated by acute hepatitis RAJIV R. VARMA, JOHN M. GRAINGER, AND PETER J. SCHEUER 817
Idiopathic acute fatty liver of pregnancy K. J. BREEN, K. W. PERKINS, S. P. MISTILIS, AND R. SHEARMAN 822
Dose response relationships of insulin hypoglycaemia and gastric acid in man J. H. BARON 826
A case of the Zollinger-Ellison syndrome associated with hyperplasia of salivary and Brunner's glands B. S. JONES, J. J. O'HAGAN, D. N. PHEAR, AND E. SHEVILLE 837
Recurrent acute retrograde intragastric intussusception J. ALEXANDER WILLIAMS AND J. F. FIELDING ... 840
Pepsin secretion in man after Histalog stimulation MICHAEL D. TURNER, PAULA J. MAYER, LEON L. MILLER, AND HARRY L. SEGAL 843

Page

The role of chronic blood loss in the pathogenesis of postgastrectomy iron-deficiency anaemia J. M. HOLT, M. W. L. GEAR, AND G. T. WARNER ... 847
Histological localization of plasminogen activator and proteolytic activity in the human stomach and duodenum P. ERAS, P. HARPEL, AND S. J. WINAWER ... 851
Oestrus and gastric secretion in the dog JOHN H. LANDOR AND ROBERT A. WILD ... 855
The interrelationships of pancreatic enzymes in human duodenal aspirate D. M. GOLDBERG AND K. G. WORMSLEY ... 859
Electrical potentials of the sigmoid colon and rectum in irritable bowel syndrome and ulcerative colitis C. J. EDMONDS ... 867
Gastric leiomyoblastoma B. BOSE AND J. CANDY ... 875
The selective nerve stain leucomethylene blue as an intraoperative aid to achieving complete vagotomy M. L. FRIMER, M. M. COHEN, R. C. HARRISON, AND I. B. HOLUBITSKY ... 881
Progress report
Inhibition of gastrointestinal secretion K. G. WORMSLEY ... 883
Notes and activities ... 888

No. 11 NOVEMBER 1970

Quantitative measurement of iron stores with diethylenetriamine penta-acetic acid MICHAEL BARRY, GUISEPPE CARTEI, AND SHEILA SHERLOCK ... 891
Measurement of iron stores in cirrhosis using diethylenetriamine penta-acetic acid MICHAEL BARRY, GUISEPPE CARTEI, AND SHEILA SHERLOCK ... 899
Ultrastructure of the liver in non-cirrhotic portal fibrosis with portal hypertension B. N. TANDON, R. LAKSHMINARAYANAN, S. BHARGAVA, N. C. NAYAK, AND S. K. SAMA ... 905
Pancreatic islet cell tumour with watery diarrhoea and hypokalaemia D. J. STOKER AND V. WYNN ... 911
Corticosteroid or corticotrophin therapy in Crohn's disease (regional enteritis) W. T. COOKE AND J. F. FIELDING ... 921
A comparative radiographic and pathological study of intestinal vaso-architecture in Crohn's disease and in ulcerative colitis F. BRAHME AND C. LINDSTRÖM ... 928
Surgery in amoebic colitis D. STEIN AND SIMMY BANK ... 941
Further studies on the perfusion method for measuring intestinal absorption in man: The effects of a proximal occlusive balloon and a mixing segment G. E. SLADEN AND A. M. DAWSON ... 947
Gastric acid secretion in Chinese with particular reference to the dose of histamine required for maximal stimulation WYE POH FUNG ... 955
Plasma insulin response to oral carbohydrate in patients with glucose and lactose malabsorption J. D. MAXWELL, MARGARET T. MCKIDDIE, ANNE FERGUSON, AND K. D. BUCHANAN ... 962
Technique
A genteel device for collecting faeces E. S. PRYKE AND H. M. WHYTE ... 966
Progress reports
New developments in the therapy of amoebiasis S. J. POWELL ... 967
Gastrointestinal polyposis H. J. R. BUSSEY ... 970
Notes and activities ... 979

No. 12 DECEMBER 1970

Hereditary angioneurotic oedema: an unusual case of recurring abdominal pain EDWARD J. FELLER, HOWARD M. SPIRO, AND LEONARD A. KATZ ... 983
Studies of the effect of metoclopramide and apomorphine on gastric emptying and secretion in man N. RAMSBOTTOM AND J. N. HUNT ... 989
Observations on gastric acid output by a three-hour histamine infusion test using maximal doses on patients with duodenal ulcer and in normal controls R. M. HECTOR AND J. F. WEBB ... 994
Peptic ulceration in Crohn's disease (regional enteritis) J. F. FIELDING AND W. T. COOKE ... 998
Crohn's disease of the stomach and duodenum J. F. FIELDING, D. K. M. TOYE, D. C. BETON, AND W. T. COOKE ... 1001
Electron microscopy of myenteric nerves in Hirschsprung's disease and in normal bowel E. R. HOWARD AND J. R. GARRETT ... 1007
A new method of measuring the rate of shedding of epithelial cells from the intestinal villus of the rat RUFUS M. CLARKE ... 1015
The influence of sex, body weight, and renal function on the xylose test MARTIN J. KENDALL AND SHEILA NUTTER ... 1020
Reversible nicotinamide-deficiency encephalopathy in a patient with jejunal diverticulosis S. TABAQCHALI AND C. PALLIS ... 1024
Acalculous adenomyomatosis of the gallbladder G. BEVAN ... 1029
Occurrence of an abnormal lipoprotein in patients with liver disease A. ROSS, G. M. MURPHY, P. A. WILKINSON, G. L. MILLS, AND S. SHERLOCK ... 1035
The action of sennosides and related compounds on human colon and rectum J. D. HARDCASTLE AND J. L. WILKINS ... 1038
Progress reports
Lactulose S. G. ELKINGTON ... 1043
Electrolyte absorption from the colon L. A. TURNBERG ... 1049
Proceedings
British Society of Gastroenterology: 31st Annual General Meeting ... 1055
Notes and activities ... 1068
Notes on books ... 1068

Index to Volume XI

Page numbers preceded by '(P)' refer to the summaries of papers at the Meetings of the British Society of Gastroenterology and other Societies; '(C)' refers to 'Comments'.

Abdominal aorta, aneurysm of, association with peptic ulcer, **679**
—— pain, recurring, due to hereditary angioneurotic oedema, **983**
ABO blood groups and gastrointestinal function, **796**
ABOUL-ENEIN, A. *See* SADEK, A. M., ABOUL-ENEIN, A., HASSENEIN, E., and ISMAIL, A.
Achalasia, cardiac, neurological lesion in, **388**
Acinar cells and ducts of pancreas, effect of pressure on integrity of, **69**
Adenomatosis of pancreas, peptide-secreting, features of, in pancreatic cholera, **197**
Adenomyomatosis, acalculous, of gallbladder, **1029**
Adrenergic receptors in rectum and internal anal sphincter, *in vivo* study in cat, **709**; *erratum*, **1068**
African, ulcerative colitis and pyostomatitis vegetans in, **38**
Age, effect on xylose absorption test, **498**
AGNEW, J. E. *See* YOUNGS, G. R., BOUCHIER, I. A. D., AGNEW, J. E., and LEVIN, G. E.
AJDUKIEWICZ, A. B., FOX, R. A., DUDLEY, F., SHERLOCK, S., DONIACH, D., PRETE, S. DEL, and CONSTANTINO, D.: Immunological studies of a community outbreak of hepatitis (P), **1058**
——. *See also* MORRIS, J. S., AJDUKIEWICZ, A. B., and READ, A. E. A.
——. *See also* SALMON, P. R., AJDUKIEWICZ, A. B., CLAMP, J. R., and READ, A. E. A.
β-Alanine, intestinal absorption of, **250**
——, —— —— ——, in Hartnup disease, **373**
L-Alanine absorption in canine Thiry-Vella loops, sodium dependency of, **240**
Alcoholism and tissue damage in haemochromatosis (P), **980**
Aldosterone treatment, measurement of electrical potentials of rectum and pelvic colon after, **330**
Alimentary tract. *See* Gastrointestinal tract
Alkaline phosphatase activity, total, in serum of men after partial gastrectomy, **255**
ALP, M. H., COURT, J. H., and GRANT, A. K.: Personality pattern and emotional stress in the genesis of gastric ulcer, **773**
Alpha chain disease, ultrastructural study of, **782**
AMBLER, J., GREEN, A. G., and PULVERTAFT, C. N.: A study of total serum alkaline phosphatase activity in men following partial gastrectomy, **255**
AMDRUP, E., JOHNSTON, D., and GOLIGHER, J. C.: 110 highly selective vagotomies without drainage (HSV) for duodenal ulcer (P), **1062**
American Gastroenterological Association: 71st Annual Meeting, **546**
Amino acids and Paneth cells of small intestine (P), **1059**
—— ——, faecal, in cystic fibrosis, origin of, **600**
——. *See also* β-Alanine, L-Histidine
Amoebiasis, metronidazole and other nitroimidazole compounds in treatment of, **967**
Amoebic colitis, surgery in, **941**
AMURE, B. O.: Clinical study of Duogastrone in the treatment of duodenal ulcers, **171**
——, and OMOLE, A. A.: Sex hormones and acid gastric secretion induced with carbachol, histamine, and gastrin, **641**
Amyloidosis, systemic, intestinal pseudo-obstruction in, **764**
Anaemia after partial gastrectomy, role of occult blood loss in, **55**
——, iron-deficiency, postgastrectomy, pathogenesis of, role of chronic blood loss in, **847**
——, pernicious, colonic pressures and transit after meals in patients with, **100**
——, ——, gastric autoimmunity in (P), **980**
——, ——, intestinal mucosal abnormalities and disaccharidases in (P), **1066**
——, ——, serum gastrin levels in (P), **981**
——, relation to gastric secretion after vagotomy and gastroenterostomy, 15-year survey (P), **1056**
Anal sphincter, internal, adrenergic receptors in, study *in vivo* in cat, **709**; *erratum*, **1068**
ANDERSON, C. M. *See* COCKEL, R., ANDERSON, C. M., HILL, E. E., and HAWKINS, C. F.
——. *See* GRACEY, M., BURKE, V., OSHIN, A., and ANDERSON, C. M.
ANDERSON, M. F., DAVISON, S. H. H., DICK, A. P., HALES, C. N., and OWENS, J.: Plasma insulin in pancreatic disease, **524**
Aneurysm of abdominal aorta, association with peptic ulcer, **679**
Angioneurotic oedema, hereditary, as cause of recurring abdominal pain, **983**
Anglo-Italian Gastroenterology Seminar, **810**
Anthrax, gastric, with massive ascites, **352**
Antibodies to dietary proteins and serum immunoglobulin levels in childhood coeliac disease, **635**; (P), **979**
—— ——gastrin, production, behavioural characteristics and uses of, **363**
Antibody to hepatitis-associated antigen in haemodialysis patients and staff (P), **369**
Anticholinergic drugs. *See* Daricon
Antigen, hepatitis-associated (Australia), **185**
——, —— ——, in acute hepatitis (P), **369**
——, —— ——, —— haemodialysis patients and staff (P), **369**
Antigens in colonic carcinoma (P), **1064**
Apomorphine and metoclopramide, effect on gastric emptying and secretion, **989**
Appendix and ascending colon, neurological junction between, **118**
Arthropathy, ankylosing spondylitis and finger clubbing in ulcerative colitis, **748**
ASATOOR, A. M., BANDOH, J. K., LANT, A. F., MILNE, M. D., and NAVAB, F.: Intestinal absorption of carnosine and its constituent amino acids in man, **250**
